#### THE CITY MILITARY.

The Chronicle's Suggestion Already Putting Men on Mettle.

A day or two since the CHRONICLE expressed its regret that Raleigh would not be represented in the State Guard encampment at Wrightsville, by the Governor's Guard.

Only four men went down, and the CHRONICLE knows that an effort to get twenty or more men to go down did uot carry. This caused the CHRONICLE to say that it seemed that interest in military matters in Raleigh was on the wane, and it suggested that if another company were organized, a generous, stimulative rivalry might be produced, and Raleigh would rejoice in two excellent companies. This suggestion has met with approval. In yesterday's News and Observer, Captain Bernard, of the Guard, has a card, in which he says:

"In regard to his suggestion of a new company, we would be glad to see one organized. And when the new organization is formed, the Governor's Guard will be delighted to meet them in friendly contest and the citizens of Raleigh can judge which is entitled to the palm But It Has Been Five Years Coming

And so the rivalry has actually begun before the organization of another com-Pany.

The CHRONICLE repeats what it has al-

ready said: "The Governor's Guard has a good enrollment of good material, and needs nothing in the world except a little stirring up to be one of the very best com-

panies in the State." The CHRONICLE has recorded with pe-culiar pleasure and gratification all the to have the pleasure, and in fact antici-pates the pleasure of telling the public of more honors and victories won.

No company has yet won from it the reputation of being the "crack company" of the State, and it will be a LIVELY company that will do it.

Raleigh people have been quietly sit-ting still—making no effort to secure this addition to Raleigh's railroad facilities. They have been saying that "the road is coming here anyway-its no use for us to do anything." They have been saying that five or six years.
